

*The Four
Cornerstones
of
Stewardship*

Accept - God's gifts with gratitude

Nurture - these gifts lovingly

Share - our gifts generously

Return - all to God with increase

No one can tell you how much you should give, except to encourage you to give sacrificially. Please prayerfully consider your annual Offertory Pledge and determine if it seems sacrificial. If you can increase, even just a small amount, you are well on your way to giving sacrificially!

In sharing your gifts of Time & Talent, you are returning with increase the gifts you have been given. Whether donating time in service to the parish or in the community your act will inspire someone to live their life more for God, thus returning with increase!
